2017-18

Message from Aditi Misra Ma'am

Dear class of 2018,

With each passing batch , it is as if a part of us moves away... carrying with them our values, our love and our blessings.

As you step out of the somewhat sheltered environment of your school into the big (not bad!) world I hope that these very values we have tried to give you will hold you in good stead, keep you from harm and guide you at every crossroad ...

You now have a much bigger canvas to paint on!

I hope that the adults in your life, your parents and us at school, would have empowered you to pick the brightest and the boldest colours and paint your world the way YOU want.

My wish for you will always be that your own painting should be exactly the way you wanted it to be ... warm, loving, colourful ... a painting not just beautiful for you but beautiful for others who behold it ... a painting others want to be part of ... a painting many want to emulate!

I hope to see your special painting from time to time...

Bless you all!

Aditi Misra

Dear Batch of 2018

You have been students and learning for more than 12 years. However, you will not remember all the lessons you were taught in class. The lessons you enjoyed you will carry for life! Always keep in mind, learning does not stop inside the class room.

As you embark on your new journey, you will face many challenges in life which teach you something new. Enjoy each challenge and learn from it.
Be a life long learner!

God Bless

Year Book,
Is it merely a collection of pages put together beautifully?
I think, the Year Book is a collection of emotions bound together with a lot of love and nostalgia.

Dear Batch of 2017-18,
School will not be the same without you all running around the corridors, planning, organizing and creating beautiful memories for us to cherish.
We will miss your uncommon zeal,
How you worked towards a common goal with a lot of feel.
Batch 2017-18! you are leaving behind memories of a kind, sweet enough to be imprinted on our minds.
Be an explorer as life is filled with magical things to experience. Dream, Imagine, Create and Sing,
For we wish you all goodness that destiny is sure to bring...

Message from Arpna Gupta Ma'am

As one more academic session comes to an end, I am filled with nostalgia, gratitude and utmost happiness. My dear students, you entered the portals of DPS Gurgaon, several years ago unsure of what lay ahead. Now it is time to bid adieu to your alma mater. It gives us immense pride to see you all as confident young adults on the threshold of a new chapter in life. As you embark upon this new journey, always remember that learning does not stop inside the classroom. Be a student as long as you still have something to learn. Every experience in life will teach you something. You just need to keep an open mind and an open heart to see what lessons the world has to offer.

May you find the mountain that is right for you. Give and receive support along the way, be patient and persevere through the ups and downs that you will face. And importantly learn to enjoy the journey you are about to embark upon.

God bless!

Good bye to school life?

Oh no, can't we go back to page one, and do it all over again?

These thoughts cross not only your mind but ours as well. However don't be dismayed for you are about to enter a new world of opportunities, where every possibility begins with the courage to imagine and much to achieve.

As your reps, we are bound by memories of your mischief and affection to cherish. We would like you to know that each one of you is special, precious and loved by us. We wish you much joy and happiness as you begin a new chapter of your life.

Dear children, remember in school you are taught lessons and then given a test. In life you are given a test that teaches you a lesson and we pray that you touch new heights as you cross each of these milestones. We are confident that you will outshine in whatever you embark upon and we will always be proud of you .

Look back with a smile, keep in touch

Be happy!

Best wishes

Moments spent with my students are a treasure worth cherishing for me. The memories that you all have left behind are unforgettable and will remain ever vivid and heartwarming. I would always fondly remember our engrossing class room discussions on books and beyond. The vivid memories that I have of most of you as toddlers studying in the junior school, especially endear this batch to me.

You all are sure to make a mark in your chosen fields in life as fine ladies and gentlemen that you have grown to be. In your pursuit of excellence do reme--mber that what you get by achieving your goals is not as important as what you become by achieving your goals. May you never lose sight of what is vital for your everlasting happiness. Cheers and God bless!

XII D, batch of 2017 – 2018. What a happening class!! We sure made our presence felt in school! The loquacious, the reticent, the timid, the bubbly, the sportsmen, the hard-working and the not so hard-working, we had them all. We shook down very well after the initial couple of months. We stood in support as a cohesive unit during all the ups and downs in the last two years.

Now it's time to move on. Soon you will leave the warm cocoon of school and enter the wide and wonderful world. This is just to tell you all that each one of you is special in your own way. Step out with confidence in your heart that you will carve a niche for yourself and will actualise your potential. May happiness and success be yours in your future endeavours. My best wishes will always be with you. God Bless !

Message from Sunita Kandpal Ma'am

Dear Children,
They say time flies away faster when you are busy making memories; when you are so busy enjoying the time that you don't realise when moments trickled by.The year that has gone by has given such memories for me to cherish for--ever. I am thankful to all of you for the love and respect you bestowed on me, for your smiles, your laughter and cheers.

I am proud of your many achievements over the years. Watching each of you put your heart into whatever you did (academics, theatre, dance, sports....) has been priceless.My message to you is, always remain as curious as you were in school as real-world problems are most often solved through less focused action of curiosity rather than deep intellectual efforts. I would be waiting to read/hear on how you contributed to make this world a beautiful place. God bless!

They say time flies when you are having fun. I guess it's true , for these two years of being your class teacher never felt this long a time .I must admit I have tears in my eyes as I am writing this post. Time has gone by so fast... This has been an incredible year for us.We have grown and learned so much. I am definitely not the same educator that stepped into our classroom on 27,march,2016. I have changed and grown too.

What I liked the most was that we walked through this together. Such incredible memories have helped us create, not just a class, but **our** class. Today when I look at the vacant chairs, I still remember how you used to sit there, the conversations we had, the laughter that used to fill the classroom with so much energy.

A Message from the Editors

Another year, another batch of our beloved school embarks on a journey to find their feet in this ever-changing world. As a part of the editorial team, we had an opportunity to create a unique memento for them.

Very few of us realize the wealth of our experiences that shape our individuality, personalities and values during our school years. It is not everyday that we get a chance to step into someone else's shoes to feel the emotions of their growing years.

This yearbook is thus a tribute to the outgoing batch- taking us into the realms of their stories, corridors of happiness, libraries of memories and tings they hold dear to their hearts.

We hope that the next part of our seniors' lives is as adventurous as this journey has been. Hope they accomplish all their dreams and ambitions.

Cheers!

VICE HEAD COUNCIL

Its hard to write this, because writing this means empty hallways. But rather than despair, this is cause for celebration as the world now gets the opportunity to share the same pride that this school has felt for the past twelve years, watching you grow into the individuals you are today. Although the bar could not have been raised higher, we will do our very best to uphold your legacy. Your story (and your bad humour) will always echo within this walls. We know the world is going to be dazzled by you and although you don't need it, we wish you all the very best.
